EDUCATION HISTORY

Bachelor of Computer Science

GMGC   2023-2027 (In Progress)

- Building Skills in Web Development
- Programming Club at TechloSet Solution

WORK EXPERIENCE

Web Developer

During my time at Saylani Mass IT Training (SMIT), I completed an intensive full stack development course, mastering technologies such as React, Node.js, MongoDB, and Express.js. I developed projects like an e-commerce website and a restaurant management app, focusing on creating dynamic, user-friendly interfaces and back-end systems. These projects honed my skills in database management, server-side logic, and front-end development. Additionally, I gained experience in deploying and optimizing web applications, ensuring their performance in production.

CERTIFICATES

Web Developer & Mobile App Developer
Saylani Mass I.T Training (SMIT)
December 2023 - December 2024

Web Developer InternShip
CodeAlpha(India)
